Go to Enrollment

3. **Learn** about TriNet-sponsored benefits using the resources and planning tools.
 4. **Review** your benefit elections, including any applicable beneficiaries and dependents.
 5. **Submit** your benefit elections and double check your confirmation email.
-

Why it's Important to Enroll:

Open enrollment is your chance to make changes to your benefits. If you don't take action, you'll be automatically enrolled in the same (if available) or similar coverage at your current coverage level, but at the new plan year rates. **Some elections, such as flexible spending and health savings accounts, don't roll over from one year to the next—you must actively enroll each year.**

Changes made to your benefit elections during open enrollment may require a new member ID card. If you do not receive your ID card by the start of the benefits plan year, you can log in to the carrier's website and print a temporary ID card, if needed. To locate carrier information and group numbers, log in to TriNet (login.TriNet.com) and click on Benefits > Carriers > 2026 Benefits Carrier Contact Chart.

Questions?

If you have any questions, log in to TriNet (login.TriNet.com) and click Contact TriNet. If you are unable to log in, [watch this short video](#) or go to TriNet (login.TriNet.com) and select one of the following options: Forgot Password, Forgot ID, Unlock Account, Login Help.

TriNet's Notice of Privacy Practices is posted on TriNet (login.TriNet.com) > Benefits > My Benefits.
